

## **Nasco Healthcare ‘makes it real’ with the most realistic patient monitoring and medical device emulation solutions available.**

September 15, 2021, New York – Nasco Healthcare is excited to announce the launch of our global strategic partnership agreement with [SKILLQUBE GmbH](#) [to bring the most realistic patient monitoring and medical device emulation solutions available to the marketplace.

Nasco Healthcare will now jointly develop, sell, and distribute SKILLQUBE products globally in top markets. This collaborative partnership was made possible through a shared passion for supporting frontline heroes globally. Lead by **Georg Hirsch, COO, Skillqube** and **Hugo Azevedo, Sr. VP, Innovation & Business Development, Nasco Healthcare**, both companies are excited for future joint product development and distribution opportunities.

SKILLQUBE has been at the top of the innovation game by creating very realistic emulations of real and commonly used medical devices like Patient Monitors/Defibrillators (qubeSeries) and Transport Ventilators (qubeMS2), fully integrated with their line of audio-visual debriefing equipment (qubeAVGo and qubeAVPro). Over the years they have developed a solid reputation as medical simulation expert. SKILLQUBE offers tremendous value in medical education and training to support healthcare workers and first responders properly as they transition from training to real-life scenarios.

*“We are looking forward to working with the Nasco Healthcare Team. This Alliance will help to market and develop our qubeSERIES globally. With our collective experience and innovative product development, we will revolutionize the global medical simulation market.”* **Julia Wallburg, CEO, SKILLQUBE GmbH**

SKILLQUBE’s commitment to **Making it Real** complements Nasco Healthcare’s mission to prepare frontline healthcare workers to **Be READY** to deliver optimal patient outcomes and save lives, whenever and wherever they are called. Healthcare workers and first responders need world class training to give their patients the best chance to survive and thrive. Our mandate is to keep that happening consistently.

*“After observing the evolution of the healthcare sector, we have decided that now is the right time to expand our range of products and services to better respond to industry needs. This is a great brand to bring under the Nasco Healthcare banner and offers us potential in all the markets we serve. The SKILLQUBE range will bolster our core offering and further defines our footprint as the ‘one stop shop’ supplier to work with in the healthcare simulation market.”* **Lee Johnson, Global Vice President, Nasco Healthcare**

SKILLQUBE's line of products are immediately available from Nasco Healthcare. Visit [nascohealthcare.com](http://nascohealthcare.com).

#### [ABOUT SKILLQUBE \[skillqube.com\]](http://skillqube.com)

Skillqube Training is a healthcare simulation training solutions company headquartered in Wiesloch, Germany. Founded in 2013, the company develops holistic simulation and training solutions for use across clinical and preclinical care. Skillqube Training supports education and training using the company's own ECG patient simulation and audio-video debriefing systems. All Skillqube Training software is made in Germany and Switzerland and is based on years of medical training experience. With more than 40 training sites, Skillqube Training is the largest International Training Center (ITC) of the American Heart Association (AHA) in the DACH region. These sites and clinical simulations help rescue teams better prepare for emergency situations to be able to guarantee sufficient care in an emergency.

Through the company's "Make it real" campaign, Skillqube Training is setting a new high standard for advanced medical simulation. This is to provide participants with a deeper learning experience and enhance overall patient safety.

#### [ABOUT NASCO HEALTHCARE \[nascohealthcare.com\]](http://nascohealthcare.com)

Founded in Fort Atkinson, Wisconsin, USA, Nasco Healthcare is a medical simulation company that provides over 4,000 products and services to support healthcare medical simulation to distributors and customers globally. For 80 years, Nasco Healthcare's mission has been to prepare frontline healthcare workers to **Be READY** to deliver optimal patient outcomes, whenever and wherever they are called and enable these everyday heroes to be at their best.

Every Nasco Healthcare product is reliable, realistic, compliant to healthcare regulations and covered by up to a 5-year warranty. Our original products are 100% hand-made in the USA. Easily upgradeable and replaceable parts mean you can have a Nasco Healthcare made product for life.
